

## APPLIED MATH SPOTLIGHT

# DEREK SOLLBERGER

---

At the university, I teach courses for the Applied Mathematics and MCB departments in data science along with object-oriented programming and stochastic processes. In addition to involvement with several pedagogy groups, my statistical consulting collaborations include Dr. Petra Kranzfelder's biology education lab and Dr. Julia Shaw's Bisexual Research Group.

## About Me

I am

- writing a meal-prep cookbook for Zoomers
- making an environmentally sustainable farm
- a sports statistics nerd
