

SIAM Student Chapter
University of California, Merced

Computing Research Leadership Council Seminar Series

Speaker: Dr. Kathryn Maupin (Sandia National Laboratory)
Talk: *Calibration and Propagation of Model Form Error Across Experimental Settings*

Join us in learning about the research of Dr. Kathryn Maupin (Senior Member of Technical Staff, Sandia National Laboratory). The talk will be followed by a thirty minute conversation in which participants will have the opportunity to ask Dr. Maupin questions about her professional experiences in a National Laboratory.

Date: Wednesday, May 5th 2021

Time: 1:30 - 3:00 pm (PST)

Registration link: <https://tinyurl.com/34rfrevm>
