

UC Merced Applied Math Problem of the Month

September 2024

By using all the following cards only once,

Satisfy the equation below.

$$\boxed{?} \boxed{?} = \boxed{?} \times \boxed{?} \boxed{?}$$

How many ways can you find? Can you show that there won't be any other ways? If you think there is no possible way, can you show it?

To submit your solutions for a chance to win an Amazon gift card, and to find out detailed contest rules,
