

APPLIED MATH SPOTLIGHT

MARIO BAÑUELOS

I mainly focus on machine learning approaches to research problems arising in mathematical biology. I was the first person in my family to go to college and the journey to become a professor was difficult, but people at UCM were always supportive.

About Me

Some hobbies of mine include:
hiking, beverage hobbyist, traveler, and playing story-driven games

ALUMNI

siam | Student Chapter 
UNIVERSITY OF CALIFORNIA MERCED
